

Gift Giving Logic Puzzle

Susan and Martin are making gifts to give to their cousins— Paul, Isabel, Zach, and Liz. Each cousin is to receive a different gift—a bookmark, a bracelet, a magic trick, or a scarf. Use the clues to decide which gift goes to each cousin.

1. Liz and Paul will receive something to wear.
2. The second letter of one of the gifts is the same as the second letter of the person who will get it.
3. The boy who will receive the scarf has a cap the same color.

	bookmark	bracelet	magic trick	scarf
Isabel				
Liz				
Paul				
Zach				

Use the grid, if you would like, to eliminate possibilities. Put an "x" in a box if you know a name doesn't go with a gift. Put an "o" if you know it does.

Solution to Gift Giving Logic Puzzle

Isabel will get the bookmark.

Liz will get the bracelet.

Paul will get the scarf.

Zach will get the magic trick.
